Christian Keiper - HTML Document

This is a Header Tag 2

This is using paragraph tag which keeps the paragraphs organized. It helps flow the text. I like to indent the tags and text to keep it readable.

This is another Header Tag 2

Technology lets us connect with each other. *Up* was a movie with an old man who didn't want to sell his house. As Tim Berners-Lee said, "We can't blame the technology when we make mistakes."

This is a Header Tag 3

This is a paragraph for the first Header Tag 3. Sometimes you have to be **strong** and add *emphasis* where it is needed. Other times, you have to be **bold**.

This is another Header Tag 3

This is the last paragraph. When life gives you *lemons*, make **lemonade**. No more text after this.
